## Specializing in Integrative Oncology Integrating Eastern & Western Medicine for Maximum Results

Sear-Enity Natural Medicine, Inc. is the professional practice of Amy Sear, A.P., Dipl. O.M. (NCCAOM), and specializes in working with Oncology patients before, during and after their diagnosis and/or treatment. The main focus is patients dealing with Breast Cancer, but includes working with patients dealing with other types of Cancer. As well, the practice works with people that are not dealing with any Oncology or Cancer issues.

All appointments, services, treatments and products take place at two Breast Cancer Centers of Memorial Hospital — Memorial West in Pembroke Pines, and Memorial Regional in Hollywood.

For an appointment or further information:  
305-751-4964 or  
Sear\_enity@me.com

Amy holds a Bachelor of Science degree from Cornell University, and Masters level training in Oriental Medicine (the combination of Acupuncture, Chinese Herbal Medicine, and Chinese Food Therapy/Nutrition) from Acupuncture Massage College in Miami, FL. She is Nationally Board Certified in Acupuncture, Chinese Herbal Medicine, and Nutrition.

Licensed since 1997, she currently works with Drs. Perez, Calfa, Mani, Escalon and Patel in Hollywood and Pembroke Pines, FL, and has worked with Dr. Sandra Franco, Dr. Charles Vogel, Dr. Elizabeth Tan-Chiu, and Dr. Maria Restrepo in Plantation, FL. Besides Chinese Medicine, she has studied a vast array of "Natural" medical modalities and can answer questions on a wide variety of topics.

Amy is the Immediate Past President of the Florida State Oriental Medical Association, a 500+ member professional association for Oriental Medical practitioners in Florida.

## Integrative Oncology

Acupuncture

Cranio Sacral Therapy

Chinese Herbal Medicine

Food Therapy (Diet/Nutrition)

Oriental Manual Therapies(Cupping, Gua Sha, Tui Na Massage)

Vitamin or Supplement Assessment and Consultation

Integrative Oncology is the utilization of holistic health and medical services on top of, in addition to, standard Allopathic medical services. It is the modern term used instead of using "Alternative Medicine", as its core principle is to 'integrate' (combine and collaborate) all possible methods for the best outcome and experience of the patient.

The specialization of Sear-Enity Natural Medicine, Inc. is Integrative Oncology, and incorporates long standing Asian Medicine methods and modern research in Diet, Lifestyle, Nutrition and Vitamin Supplementation.

The main focus is patients dealing with Breast Cancer, but includes working with patients dealing with other types of Cancer. Oncology patients do NOT need to be patients of Memorial Hospital.

The First Visit for all patients is very comprehensive and includes a full Medical Intake and Detailed Consultation. It generally lasts two hours. Future visits are 50 minutes.

Note: Sear-Enity works with people that are not dealing with any Oncology or Cancer issues.
